CalTrans Temporary Restrictions Update for Annual Permit Holders

WARNING

The list of short-term restrictions on state routes is updated daily as conditions change. It is the responsibility of the permit holder and the operator of the extra-legal vehicle/load to check to see if any additional restrictions have been added to your authorized route before each trip is begun.

You may get the most current status of any such restrictions on your authorized route by accessing the Route Clearing database on-line at http://www.dot.ca.gov/hq/traffops/permits/. You can also verify vertical restrictions by using a vertical clearance measuring device authorized by California Vehicle Code Section 35252.

All annual and repetitive permit holders are required to receive this information and to keep a copy with their permit during all moves.

If you believe you are receiving this message in error, please contact the List Managers at (916) 327-6679. For questions regarding North Region Restrictions, please contact Bruce Bergh at (916) 322-4957. For questions regarding South Region Restrictions, please contact Steve Dickey at (909) 388-7077.

ATTENTION ANNUAL PERMIT HOLDERS

Caltrans is moving the Short Term Restriction notification to a electronic means. At this time we are requesting your company name, phone and fax number and e-mail address to be sent to Caltrans HQ at hector_vergara@dot.ca.gov, if any questions call 916-654-4690 Thank you.
